

“Fabulous local restaurant”

If you're looking for a great meal, try Gran Paradiso. You won't be disappointed. After your first experience there, you will become a regular. The service could be better, but its worth the wait.

“Top Notch!”

Last weekend we had a birthday dinner with 8 people for my Mom here and everything from drinks, wine, apps to dessert was incredible. The food was delicious. We had a variety of dishes- seafood, fish, veal, home made pasta and steak and everyone loved their food. The wait staff was wonderful and attentive and Bernardo, the manager, was wonderful as always. Cant say enough about the wonderful experience we had at Gran Paradiso

“Oh What a Night!”

From beginning to end it was a delightful night. Our waiter Survan(sorry probably wrong spelling) reminded us that there was no time limit the table was our for the night(730 reservation). The room was crowded and my only complaint was it gets a little loud but everyone seemed be having fun. My fish with risotto was cooked perfectly and all of us were totally happy with what we ordered. For a real treat try the dessert cocktail called Tiramisu it was insane, I have never had anything like it. In the end Bernardo the manager checked in with every table to see how people were doing. He and Survan are a real asset to this restaurant. Go you will not be disappointed. Also check for their daily specials. Sat night was 8.00 Cosmo night.

“Excellent food and great service!”

I've been to Gran Paradiso twice and both times have been consistently good. It's a great local restaurant and a perfect place to eat after a day at the beach. Last night, I started dinner off with the Carpaccio di Manzo and it was very fresh and exactly what I wanted. Our host recommended the Canelloni Saporito for the main course and it was a very good choice, delicious and very filling.

The portions are great, the food is on point and the service is very friendly.

“Outstanding Italian food”

You can't get consistently better food or customer service in the Oceansde/Island Park/Long Beach area. You'll be treated like family and will love the food. Everything is exceptional.

“Delicious Food, Good Service”

This is the first time I had gone to Gran Paradiso. The food was very good and the service was very attentive. The waiter was very courteous and knowledgeable of the food and menu. The family will go back again, they even had live music.

“Good new local italian”

Great food I am gluten free and they have many gluten free options AND were able to make me gluten free eggplant parm with GF pasta -- it was great. The service however needed work-- was very slow--- however I am hoping that the problem was due to the fact that they had a live radio show going on while we were dining. Despite this the waitstaff was apologetic and acknowledged the issue. I would definitely go back especially for the GF eggplant pram!!!

“Great service , great food!”

Always love to try a new restaurant and we were very happy...the food was delish ,the table bread scrumptious and the all the staff was friendly and very attentive...only drawback is that it is a little pricey for the area. I say leave the children at home and enjoy a nice night out!!!

“Superb Italian restaurant”

Italian food a step above the rest. the food was magnificent. We started with a variety of appetizers and salads, including classica cesare and insalata veneziana. Each was delicious. The main entrees were each made with a distinctive point of view. Two of our dishes were with sausage and both were extremely good. Try the Paccheri Molto Buonu (had to find the spelling from the online menu).The seafood options were fantastic too. The Tagliolini Vede with spinach pasta, mushrooms and shrimp evaporated from the plate joyfully. Service was ok. At first the young waiter was a bit resistant like when we tried to order fresh mozzarella and tomatoes with nothing else .. he lectured on what is in "Mozarella Caprese" but in the end he complied. And the mozzarella was delicious (although they could not resist adding olives). So if you have a food allergy, be very careful . The food is worth it! AND the overall service very good.

“Consistently Good Food”

This is a local gem! The food is consistently good, reasonably priced and the staff is extremely personable. From appetizers to dessert, you can't beat the food.

“Excellent Ambiance”

I totally recommend Salomone Esotico one of my favorites dishes by far, I had the flourless chocolate cake for dessert it was so yummy. The service is ALWAYS excellent. The cleanliness of the restaurant is Impeccable!!!

“Excellent”

Food and service at this newly opened Italian restaurant is excellent. Wait Staff and manager Bernardo couldn't have been nicer. The food was fresh and delicious as were the cocktails and wine. Pasta was al dente and perfect and the desserts were delicious. Will be returning here for sure with more of my family members.

“great Italian food”

This is a hidden gem in Island Park NY. The food is amazing, and the service is warm and accommodating. The staff members are all friendly and they make you feel at home.

“A Welcome Addition”

Wasn't familiar with this restaurant, but got a coupon in my mailbox for a discount. So figured I would try it out for a family dinner. Simply put, my expectations were exceeded. The food was great, the service too. My family all had a nice meal and a great time. I had the eggplant parm. Blg portion and very tasty. Kids had pasta and they gobbled it up. Can't wait to go back and try more items.
